ENDORSEMENT LETTER

I am honored and pleased to endorse Lorenzo Imbesi in the position of next CUMULUS President 2022-2025.

Dr. Lorenzo IMBESI Arch PhD, Full Professor at Sapienza University of Rome is the person I dearly recommend. His engagement for CUMULUS Association is visible in his position as member of the CUMULUS Executive Board in the last years, in excellently co-hosting the CUMULUS conference Design Culture(s) in Roma in 2021 and moreover really visible his international expertise and his high qualification to network specialized.

I know Dr. IMBESI personally and, in addition to specific expertise, I take the liberty of underlining his attention to the processes of democratic governments, today more than ever an important issue for everyone, even for our association.

In short, I would be very much in favor of seeing him leading the association into the future with all challenges to come.

Il Direttore
Prof. Francesco Fumelli
