Endorsement Letter for Prof. Dr. Lorenzo IMBESI

To whom it may concern  
To the Cumulus Secretary General  
To the Cumulus Member Community

Bologna, 31.01.2025

I would like to express my full support to the Lorenzo Imbesi for the next round of Presidentship of CUMULUS association, in the upcoming elections.

He demonstrates to be a highly qualified president of the association, moving forward a lot helpful initiatives for our community.

Being academic leader in one of the strongest Italian Universities with vast relations over all the world, he is most suitable to cover this challenging position. Having in his resumé international life experiences in the past and currently being active all over the globe to improve what design stands for, as continuing President of the Association he will be excelling in being Ambassador of Design wherever it is needed.

Said all, I would like to highly recommend to vote Lorenzo for the leadership of one of the most important Design Associations in the world.

With my best wishes
