

The Cumulus Secretariat and whom so ever it may concern

It is with pleasure that the ARCH College of Design & Business endorses Prof. Lorenzo Imbesi as the Presidential candidate for the Cumulus Board 2025-28.

As a very active President of the Cumulus Board 2022-25, Prof. Imbesi has contributed immensely to expanding the diversity of our beliefs and perceptions in our global community. Dealing with the challenges of the formation of Cumulus as an independent registered organization, he has strongly embraced inclusivity, organizing co-design workshops and conducting regional meetings to reach out to the larger community of Cumulus members.

During his tenure, I have had the honour of serving as a Vice President on the Board, where, with his farsighted support, among other things, I successfully achieved the visualization, planning, and implementation of the Inaugural Cumulus Student Talent Camp, in Jaipur, India, to serve as the pilot for the Talent Camps that have followed since. Helping bring together our community of students from Cumulus member institutions worldwide, this pathway is effectively providing opportunities for a greater involvement in the discovery and appreciation of the wide variety of cultures and thinking that essentially identify us, separately and together, as creative and sensitive citizens of the world.

On behalf of ARCH College of Design & Business I fully support the candidature of Lorenzo Imbesi for the Presidency of the Cumulus Board 2025-28.

Wishing him all the best.

ARCHANA SURANA
