## Endorsement Letter

To who it may concern,

I am Sara Chen, the Cumulus representative for School of Design at Jiangnan University in China, and I've been an active member of the Cumulus Association for a long time, working as the Vice chair for Cumulus X-files working Group (2018-2022). I hereby endorse Lorenzo Imbesi as the next Cumulus President for 2025-2028 for his great engagement and dedication to put forward Cumulus missions for the benefits of all Cumulus members. I believe that Lorenzo Imbesi will continue to make valuable contribution to Cumulus, and further make it the active platform for Cumulus members for international exchanges and academic development in his next presidency.

I would be happy to share more information if needed.

Sincerely,

  
Sara Xiangjie Chen

School of Design, Jiangnan University
