

YRJÖ SOTAMAA

Professor Emeritus, Aalto University
President Emeritus, Cumulus Association

December 15, 2024

ENDORSEMENT

I am happy to endorse Lorenzo Imbesi as the next Cumulus President for 2025–2028 for a second term.

As the founder of Cumulus I have followed with keen interest the work of the present Cumulus Executive Board and the work President Lorenzo Imbesi.

I am very pleased of how the organization and its spirit have developed.

The President and the CEB have tried hard to engage to Cumulus community in the activities and they have listened carefully the voices of the members.

For me it is utterly important that the leadership has respected democracy and transparence, which both are the key founding values of Cumulus.

I thrust that Lorenzo Imbesi would continue leading the Association based of the key founding values of Cumulus.
